Major Lockheed Martin Programs Featured At The Air Force Association's National Symposium In Washington, D.C.

Major Lockheed Martin programs will be featured in conjunction with the 2006 Air Force Association National Symposium in Washington, D.C. at the Marriott Wardman Hotel Sept. 25-27. Presentations will focus on the performance and success of seven major programs that are critical to the U.S. Air Force's recapitalization, combat readiness and sustainment. These programs include F-22, F-35, US101, AN/TPS-77, Sniper(R) and Paveway II.

Briefings will take place in the Eisenhower Room in the Center Tower unless otherwise noted.

Briefing Schedule:

Monday, September 25
10:30 a.m. and 2:00 p.m. A-10C Media Availability
(Lockheed Martin Media Suite)

Hosts: Lt. Col. Kevin Campbell (Pilot), Baltimore Air National Guard
Maj. Don Henry, A-10 Requirements and Modernization Chief, Air Combat Command, Langley, Va.

Lt. Col. Kevin Campbell, A-10C flight test pilot, and Maj. Don Henry, A-10 requirements and modernization chief, will be available Sept. 25 only to discuss how the precision engagement capabilities in the upgraded close air support aircraft will benefit the warfighter.

Please contact Frans Jurgens at 607-761-7991(cell) or 607-751-4857 (office) orfrans.jurgens@lmco.com .

11:00 a.m. - Noon An Operator's Perspective

Presenter: Major Julie Petrina (Pilot), 135th Airlift Squadron, Maryland Air National Guard
(lunch provided)

Major Julie Petrina has been deployed to the AOR several times and has flown many airlift missions. As a senior pilot with nearly 3000 hours, Major Petrina will give a clear and personal view of airlift operations and related activities.

12:15 p.m. - 1:15 p.m. Enhancing Precision Strike: Advanced Low-observable Embedded Reconnaissance & Targeting (ALERT) and the Sniper Advanced Targeting Pod

Presenters: Don Bolling, Manager, Advanced Targeting Systems Business Development, Lockheed Martin Missiles and Fire Control

Mark Fischer, Manager, Sniper Advanced Targeting Pod Business Development, Lockheed Martin Missiles and Fire Control

The Electro-Optical Targeting System (EOTS) provides essential capabilities for manned and unmanned platforms. This coupled with recent Sniper(R) developments, the Air Force's premier targeting system, will enhance the Air Force's precision strike capability.

3:00 p.m. - 4:00 p.m. Lockheed Martin Paveway II Enhanced Laser Guided Training Round -- Single Point Solution for Cost-Effective Live-Fire Training

Presenters: John Pericci, Director, Business Development Director, Lockheed Martin Missiles and Fire Control

Lt. Col. Robert "Elvis" Balserak,
Commander, 122nd Operations Support Flight,
Ft. Wayne International Airport, Ft. Wayne,
IN (Air National Guard) and Business
Development Senior Manager, Lockheed Martin
Missiles and Fire Control

The Paveway II Enhanced Laser Guided Training Round - currently the only live-fire training tool for our warfighters today - has undergone new developments that will provide substantial cost savings to our customers and taxpayers. Hear first-hand, from Lt. Col. Robert "Elvis" Balserak of the Air National Guard, about the importance of live-fire training versus simulation training.

Tuesday, September 26

10:30 a.m. - 11:00 a.m. F-35 Lightning II Program Executive Officer
Media Availability

Host: Brig. Gen. Charles Davis, Program Executive
Officer, F-35 Lightning II Program Office

Brig. Gen. Charles Davis will be available for 30 minutes immediately following the "What the F-35 Can Do" workshop for interviews.

Please contact Kathy Crawford at 703-407-0283 or kathy.crawford@jsf.mil or Cheryl Limrick at 703-601-5503 or cheryl.limrick@jsf.mil .

12:30 p.m. - 1:30 p.m. F-35 Lightning II Autonomic Logistics
Global Sustainment

Presenter: Don Searles, F-35 Autonomic Logistics
Global Sustainment Director, Lockheed
Martin Aeronautics
(lunch provided)

Autonomic Logistics Global Sustainment (ALGS) is key to the JSF program's affordability and the system's lifetime effectiveness. Don Searles will discuss the latest developments of ALGS and explain why it is the affordable path to recapitalizing the U.S. Air Force fleet with 5TH Generation Fighter aircraft.

2:30 p.m. - 3:30 p.m. US101 CSAR-X Helicopter Briefing and Cabin
Mock-up Demonstration
(Hotel loading dock adjacent to the exhibit
hall)

Presenters: Dan Spoor, Vice President CSAR-X Program,
Lockheed Martin Systems Integration

Stephen C. Moss, Chief Executive Officer,
AgustaWestland North America

The US101 helicopter team will brief reporters on the status of the U.S. Air Force Combat Search and Rescue Replacement (CSAR-X) competition. The US101, with its large, multi-functional cabin that is reconfigurable during flight, 360-degree weapons coverage, easy egress/ingress access, medical treatment area and integrated network-centric systems, is sure to best meet the Air Force's future rescue needs.

Wednesday, September 27
10:00 a.m. - 11:00 a.m. AN/TPS-77: Unique Capabilities for the USAF
Mission

Presenter: Steve Bruce, Vice Present Business
Development, MS2-Radar Systems

Lockheed Martin's AN/TPS-77 radar for the U.S. Air Force's Pacific Alaska Range Complex has passed its Site Acceptance Test and been deployed to improve safety and surveillance at the nation's largest contiguous supersonic training area. Steve Bruce, vice present of MS2-Radar Systems Business Development, will share some insights about the AN/TPS-77 and why this advanced radar is uniquely capable of meeting the needs of the U.S. Air Force.

The Lockheed Martin exhibition area is Booth #3717 and will feature programs from the following Lockheed Martin business units:

Aeronautics
Integrated Systems & Solutions
Missiles and Fire Control
Systems Integration
MS2

Interview Opportunities - The following Lockheed Martin personnel will be available to arrange one-on-one discussions:

Aeronautics
Mary Jo Polidore
Vice President Communications
817-308-5553

Joe Quimby
F-22 Communications
678-662-3128

John Smith
F-35 Communications
817-312-5131

Missiles and Fire Control (MFC)
Jennifer Allen
MFC Communications
407-716-0544

Systems Integration
Greg Caires
US101 Communications
607-768-4232

Frans Jurgen
A-10 Communications
607-761-7991

MS2
Ellen Mitchell
MS2 Communications Director
315-427-0967

For more information on AFA or Lockheed Martin's exhibits and briefings, contact Rachel White, 817-307-6086 or Jen Eller, 817-899-8396.
