Lockheed Martin To Discuss Emerging Logistics Initiatives

Who: Lou Kratz -- Vice President and Managing Director, Focused Logistics, Lockheed Martin

Vic Verma -- President, Savi Technology, wholly-owned subsidiary of Lockheed Martin

Tom Goudreau -- Director, Supply Chain Programs, Lockheed Martin

Debra Palmer -- Vice President, Enterprise Logistics Solution, Lockheed Martin

Col. Toby Mills -- Defence Logistics Organisation, Ministry of Defence, United Kingdom

Kimberly Gavaletz -- Deputy Vice President, Global Sustainment, Lockheed Martin

What: Join Lockheed Martin executives as they report on the latest developments in focused logistics and its expanding application in the defense, civil government, homeland security and commercial markets. Areas to be covered include:

* Platform Logistics: Sustainment of complex defense systems where we ensure mission availability in partnerships with our military customers.

* Supply Chain Management and Global Transport Network: Multi-tiered, complex supply chains where we assure material availability to fixed bases and deployed units.

* Logistics Command & Control: Development and implementation of information management solutions and tools to see, manage and control complex military logistics networks to ensure warfighters receive the material and technical support they require at home and abroad.

* Savi Technology: The combination of Lockheed Martin and Savi Technology will bring a powerful, networked solution for focused logistics worldwide, adding value to the user in the defense, homeland security, civil government or commercial sectors.

When: Thursday, October 5, 2006; 9:00 - 10:00 a.m.

Where: The National Press Club
Zenger Room - 13th Floor
529 14th Street NW
Washington, DC

Headquartered in Bethesda, Md., Lockheed Martin employs about 135,000 people worldwide and is principally engaged in the research, design, development, manufacture, integration and sustainment of advanced technology systems, products and services.
