These positions are eligible for new-hire incentives, including up to $50,000 sign-on bonuses.

Lockheed Martin is proud to do business in the state of California. Our company was born in the Golden State more than 100 years ago and our cutting-edge Skunk Works (watch video) has called California home since its inception in 1943. These hiring events support long term contracts that will be accomplished over the next 15 to 20 years. Over $400 million in capital investments have been made across Lockheed Martin's Palmdale campus to address business growth in support of customer missions. Interested candidates can visit the Lockheed Martin Skunk Works webpage to learn more.

About Skunk Works

Lockheed Martin Skunk Works aircraft have been part of our nation's history at critical, defining moments, providing the warfighter with revolutionary capabilities vital to mission success. With eight Collier trophies and a National Medal of Technology and Innovation awarded from the office of the President of the United States, the Skunk Works is known for partnering with its customers to define what is next in aerospace. Today the Skunk Works team is developing a broad range of advanced technologies, integrating them in game-changing systems, and transitioning advanced technologies to existing aircraft to ensure their continued effectiveness.
